LES BOUQUETS DU VENTOUX

PRODUCER IN PROVENCE

*Lavandula
angustifolia*

AOP ORGANIC
LAVENDER

*"since our earliest childhood we have bathed in the heady perfumes of lavender,
and today we are devoted to respectfully continuing our tradition as
AOP Organic lavender producers.
Row after row, the story has been written in the terraced foothills
of Mont Ventoux for more than three generations."*

Johann & Nadège Vervin
The AOP Lavender producers

PRODUCER OF AOP ORGANIC LAVENDER IN PROVENCE

PRODUCER & DISTILLER IN PROVENCE FOR THREE GENERATIONS

On our family farm located in the heart of the Sault plateau at an altitude of 800 m, we exclusively produce AOP *angustifolia* lavender, also known as fine or true lavender.

We implement **ORGANIC AGRICULTURE** and apply traditional cropping methods which respect strict AOP specifications, the only label which **guarantees that lavender comes from PROVENCE.**

CERTIFIED ORGANIC LAVENDER & ESSENTIAL OILS

Our production is **100% CERTIFIED ORGANIC** for all our essential oils, distilled by a producers' cooperative distillery not far from our farm.

All the operations of transformation, cutting, pre-wilting, drying, leaf stripping, manual preparation of bouquets and wreaths, and flower pruning are carried out in our workshop.

We have put our hearts into developing **high quality Organic certified products**, and each day we work with respect and passion to offer you the best our wonderful environment can give.
